

COMPREHENSIVE INDEX TO CATS MAGAZINE

Volume 10, October 1953 through September 1954—Compiled by Juanita Warner

This index, published for the first time by CATS magazine, has been designed to make more fully available to all readers the wealth of information on cats which is published monthly in CATS magazine. Every author, article, story, poem, and feature is listed by month, year, and page so that it can be found with a minimum of trouble.

The insert has been specially arranged so that it may be removed from this issue, without defacing it in any way, for filing with September 1954, the last issue indexed.

Next year a similar index, covering the issues October 1954 to September 1955 will be published. Your suggestions on this new feature will be appreciated.
